[Filler: NYE Dinner at Professor Brawn Cafe](#)

Since we didn't have anything planned and didn't want to join the insane crowds in town, DD and i headed over to Novena Sq for a walk and looking for some place quiet to dine. After walking around a little, we decided on this new cafe at Velocity, named [Professor Brawn cafe](#).

Interesting designed cafe, cute menus and for a good cause, to help and create opportunities for the special needs community.

Service was great, with a smile and food recommendation... and the food... yummy 😊

Yummy Cheesy Chicken Sausage & Rosti..

Generous portion and nicely done Pan seared Norwegian Salmon..

Interesting taste Carrot Cake..

Total damage for 2 set dinner with cake add-on, no more than S\$40 😊
Which supposedly include a drink and soup, didn't take any (photos).

Overall, a nice dining experience and definitely heading back when there's chance.
Still wanna try their striploin steak, squid ink pasta and ice-cream waffles 😊

If you wonder what others say about their food, check out their review page in [HungryGoWhere](#).
